and from your PC), Security Center, Offline Files, and Action Center. In addition, you're provided with the useful option of changing your local administrator password directly from the app's main window, and it's also worth pointing out that you can also hide any of the existing drives with

CompuTech Windows Tweaker Crack+ Registration Code

Simplistic and stable app for managing and tweaking your computer's Windows OS. This app allows you to modify settings with ease. It is safe and user friendly.

UC-Davis Board of Trustees approves UC-Davis chancellor
Published December 9, 2007 Page 2 of 2
Among the highest honors the Chancellor can receive is election to the UC Regents. UCD President Robert A. Corrigan and UC Davis Chancellor Linda P.B. Katehi Katehi: "We're ready to lead." Katehi has been working on a plan to transform the university since her arrival in Sacramento. She has a goals plan with a five-year strategy to accomplish five goals: implementing a new structure for undergraduate education, restructuring the research enterprise, reshaping the teaching enterprise, reordering the campus and commissioning a plan for faculty and staff. On Thursday, Katehi read a statement at the Board of Regents meeting in which she said, "We are capable, yes, if we stay focused, we are capable of achieving the vision. And we are ready to lead." Katehi is the first African-American to be elected as UC-Davis chancellor and will assume the post from current Chancellor

Linda P.B. Katehi. Her election was backed by the UCD Student Regents Association. She will be working with President Robert A. Corrigan and several key members of the Board of Regents including Assemblyman Jim Battin. Katehi, 41, spent her early career as a professor and administrator at UCLA, and she has been the president of the Howard University College of Medicine and the chief of the National Science Foundation. She served as the dean of the medical school at the UCLA School of Medicine for one year before becoming the chancellor of UC-Irvine. Before she took the job in Irvine, Katehi was chancellor at UIC. Katehi's hiring by UC-Davis as chancellor was announced by President Robert A. Corrigan on May 1, after he and several members of the Board of Regents toured the campus, as well as the College of Engineering and the campus library. Corrigan said he believes Katehi brings the combination of experience of an academic administrator and also a strong background in business administration. The University of California is a prominent member of the Association of American Universities, an academic consortium of 68 leading research universities across the United States. The National Science Foundation is the principal agency of the federal

Computech Windows Tweaker Download

Computech Windows Tweaker is a handy utility that allows you to customize and enhance your Windows 7/8/8.1/10 operating system without the need for complex installation procedures. The app can be used to enable or disable Windows features such as the Firewall, storage, UAC (user account control), Remote RPC (useful for sending messages from your PC to another PC), Security Center, and ancillary components such as the Advanced PC Settings, Online Accounts, Action Center, and Offline Files. Moreover, you can also quickly hide any drive letters from A to Z or change the local administrator password without requiring a restart. As novice-accessible as they come, Computech Windows Tweaker is simple to use and is a worthwhile companion. *****
